*PANORAMA cabinet*

Another highlight is the PANORAMA element developed for 4-door sliding door cabinets in widths of 298 cm, 331 cm, 373 cm and 400 cm. The comfortable synchronous opening of the two middle cabinet doors is a little adventure every single time and provides you with a free view of a particularly generous cabinet inside.

## Fantastic views with the PANORAMA cabinet

All you have to do is slightly pull the grip strip of a middle cabinet door to see a wonderfully free field of vision of the generous inside of your cabinet. The PANORAMA element – specifically for 4-door sliding door cabinets – opens the two middle doors synchronously feather-light. You will find that opening your cabinet will still be fun even after the nine hundred and ninety-ninth time. Choose between two available inner divisions developed specifically for cabinets with PANORAMA-element.

**After Waking Up is Before Falling Asleep**

**S**ONATE beds in comfort height are available with pattern/glass head part or as padded head part "Rectangle". With bed frames that are available in various sizes for any body size and shape. All SONATE beds are serially equipped with a four-fold adjustable slatted frame support that enables you to choose the lying height that is most comfortable for you. Combined with a high-quality mattress, these are great prerequisites for a restorative sleep.

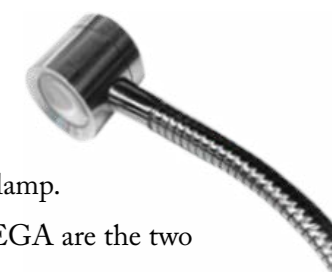

**PADDED HEAD PART RECTANGLE** beige leather look. Bed frame pattern Sanremo oak. Foot part 3 chrome-coloured. With seat chest, nightstand and lighting TUBE.

*Bed Lightings*

**O**f course, you can illuminate your SONATE bed practically and stylishly: With a lit bed head part or an LED bedside lamp. TUBE and OMEGA are the two versions that make reading in bed pure joy.

**SONATE DRESSING TABLE**

*Your little beauty oasis*

Your bedroom is just the right place for the SONATE dressing table. Here, you can take care of yourself entirely relaxed and make yourself pretty for anything the new day - or a wonderful evening - promises. The two (optional) slim yet spacious drawers of the dressing table can hold anything you need for your style. In spite of pleasantly compact dimensions, the dressing table with its optional glass plate offers space for many accessories - or a beautiful bouquet of flowers.

**DRESSING TABLE** Sizes W 116 cm H 80 cm D 40 cm. Pattern white. Drawers optionally available in any SONATE glass and mirror. Optionally, the dressing table can be delivered with a glass plate.

Optional integrated bed drawer for suspended foot part

With SONATE beds in the luxury height, you can treat yourself to another few centimetres of frame height for getting into and out of bed particularly comfortably. The available padded head parts LINE and RAUTE STYLE are available in anthracite fabric and in four different leather looks.

The suspended foot part is new in the range, on request equipped with an LED-lit glass base. Speaking of the SONATE bed with suspended foot part: integrated bed drawers are available for it that can hold bedclothes, duvets or cushions invisibly below the bed frame. Nightstands matching the

SONATE beds in height are available from the SONATE/ PREMIUM side furniture range. The suspended nightstand, optionally equipped with a lit glass panel, is entirely new.

## The Rolling Storage Likes to Hide

Hidden reserves and plenty of space, e.g. for storing duvet covers, cushions, duvets, hot-water bottles and much else are concealed in the practical rolling storage space that can be filled from above. Open the flap – put in the contents – push it under the bed. Done!

## Our Seat Chests – Multifunctional Bedroom Furniture

Of course they are also comfortable to sit on - on request even comfortably padded. Our seat chests can also be used as additional storage space. Simply lift the seat and get in! The seat chest offers a practical depositing surface for your clothes when you change.

# SONATE & PREMIUM Side Furniture Information Compact

Our SONATE chests with doors are available "pure" with two doors or supplemented with a drawer above the door.

The SONATE and PREMIUM combined chests combine both elements – doors and drawers – side by side. This can be done in the form of the XL-combined chest: plenty

of variably usable storage space is available on a width of 160 cm. Of course, the combined chests are also available as the smaller "siblings".

For all side furniture, equipped with chests of drawers, we provide smart additional features to make daily use easier. Another example for practical side furniture-drawer features are the

drawer divisions that you can use to create individual compartments for placing smaller objects.
